CONSTITUENCY OF

St Clement

Candidate Manifestos
Deputies and Connétable

Election Information

On 22 June 2022, Islanders will elect 49 States Members for the next four years.

This booklet is specific to the constituency where it has been delivered. If you're picking it up in a public place and you're not sure which constituency you can vote in, please visit Vote.je/constituencyfinder and look up your home address, starting with your postcode.

Who you can vote for

You are entitled to vote for the Connétable of your Parish and four Deputies in the Election if you live in the constituency of St Clement, are aged 16 and over, and have registered to vote. From June 2022 the role of Senator will no longer exist.

Connétables: Each Parish has a Connétable, who is the administrative head of the Parish.

Deputies: There are 37 Deputy roles, split between the nine constituencies.

None of the candidates:

As there is only one candidate for the role of Connétable, you will also have the option of voting for 'none of the candidates' (also referred to as 'none of the above')

This provides you with an opportunity to voice your opinion on the candidate if you do not feel that they share your views and values, as an alternative to just not voting. Choosing 'none of the candidates' is a vote against the candidate running for that position.

If 'none of the candidates' receives the most votes in this election, no one will be elected and there will be a by-election at a later date.

If you are unclear about how to use this option, please email contact@vote.je.

Registering to vote

You have to be registered in order to vote. If you haven't done so yet, you have until midday on Wednesday 15 June to join the Supplementary Register. It takes just two minutes at Vote.je/register or you can do so in person at your Parish Hall.

Asking the candidates questions

There are several opportunities to put your questions to the candidates standing in your constituency:

- **In-person hustings:** Hustings are an opportunity to hear each candidate's manifesto and to ask them questions. The dates and venues of the hustings will be listed on Vote.je. All of the hustings will be filmed and uploaded to Vote.je after they have taken place.

- **Online Question Time:** For the first time, Vote.je is introducing an online event for each constituency. This will be an opportunity to put questions to the candidates on any topic, either by typing your question or appearing on screen. The dates and times of these events will be available on Vote.je.
- **Youth Hustings:** Hustings specifically for young voters are being hosted by some of the Youth Projects. Full details can be found on Vote.je.

Candidate Manifestos

The Privileges and Procedures Committee is required to publish the background and policies of the candidates in the forthcoming elections in accordance with the provisions of the Public Elections (Expenditure and Donations) (Jersey) Law 2014. The information is provided by each of the candidates themselves and the views expressed are those of the candidates and NOT of the Privileges and Procedures Committee.

Voting

Before Election Day

Anyone who registered to vote before 10 May will be on the main Electoral Register and can vote before election day by:

If you have applied to vote by post:

Informação sobre a Eleição

A 22 de junho de 2022, os habitantes da ilha irão eleger 49 Membros dos Estados para os próximos quatro anos.

Este panfleto é específico do círculo eleitoral onde foi entregue. Se o viu num local público e não tem a certeza sobre o círculo eleitoral onde pode votar, consulte [Vote.je/constituencyfinder](https://vote.je/constituencyfinder) e pesquise a morada da sua habitação, começando pelo código postal.

Em quem pode votar

Tem o direito de votar no Connétable da sua Freguesia e 4 Representantes se morar no círculo eleitoral de St Clement, tiver mais de 16 anos e estiver registado para votar. A partir de junho de 2022, o cargo de Senador já não existe.

Connétables: Cada Freguesia tem um Connétable, que é o responsável administrativo da Freguesia.

Representantes: Existem 37 funções de Representantes, divididos entre os nove círculos eleitorais.

Nenhum dos candidatos:

Como o número dos candidatos que concorreram para a eleição para a função de Representante/Connétable é inferior /igual ao número de lugares no círculo eleitoral, quando votar para esta função, também terá a opção de votar em «nenhum dos candidatos» (também referido como «nenhum dos anteriores»).

Isto oferece-lhe a oportunidade de dar a sua opinião sobre os candidatos se achar que nenhum deles partilha as suas opiniões e valores, como uma alternativa a não votar. Escolher «nenhum dos candidatos» é um voto contra o(s) candidato(s) que concorrem a esse cargo.

Se «nenhum dos candidatos» receber a maioria dos votos nesta eleição, ninguém será eleito e haverá uma eleição complementar posteriormente.

Se tiver dúvidas sobre como usar esta opção, envie um e-mail para contact@vote.je.

Registo para votar

Tem de estar registado para votar. Se ainda não o tiver feito, tem até ao meio-dia de quarta-feira, 15 de junho, para aderir ao Registo Suplementar. Demora apenas dois minutos em [Vote.je/register](https://vote.je/register) ou pode fazê-lo pessoalmente na sua Parish Hall.

Fazer perguntas aos candidatos

Existem várias oportunidades para fazer perguntas aos candidatos que pertencem ao seu círculo eleitoral:

- Debates presenciais: Os debates são uma oportunidade para ouvir o manifesto de cada candidato e fazer-lhe perguntas. As datas e os locais dos debates serão indicados em [Vote.je](https://vote.je). Todos os debates serão filmados e carregados em [Vote.je](https://vote.je) após terem decorrido.
- Debates com os Jovens Serão realizados debates especificamente para votantes jovens por alguns dos Projetos dos Jovens. Pode encontrar os detalhes completos em [Vote.je](https://vote.je).
- Hora de Perguntas Online: Pela primeira vez, [Vote.je](https://vote.je) apresenta um evento online para cada círculo eleitoral. Esta será uma oportunidade para fazer perguntas aos candidatos sobre qualquer tópico, escrevendo a sua pergunta ou aparecendo no ecrã. As datas e horas destes eventos estarão disponíveis em [Vote.je](https://vote.je).

Manifestos de Candidatos

A Comissão de Privilégios e Procedimentos é obrigada a publicar os antecedentes e as políticas dos candidatos nas próximas eleições de acordo com as disposições da Lei de Eleições Públicas (Despesas e Doações) (Jersey) de 2014. As informações são fornecidas por cada um dos candidatos e as opiniões expressas são as dos candidatos e NÃO da Comissão de Privilégios e Procedimentos.

Jeśli taka opcja uzyska najwięcej głosów w tych wyborach, nikt nie zostanie wybrany i w późniejszym terminie odbędą się wybory uzupełniające.

W razie wątpliwości co do korzystania z tej opcji wyślij wiadomość e-mail na adres contact@vote.je.

Informations sur les élections

Le 22 juin 2022, les insulaires éliront 49 délégués pour les quatre prochaines années.

Cette brochure est spécifique à la circonscription où elle a été distribuée. Si vous la prenez dans un lieu public et que vous n'êtes pas sûr de la circonscription dans laquelle vous pouvez voter, veuillez vous rendre sur le site [Vote.je/constituencyfinder](https://vote.je/constituencyfinder) et rechercher l'adresse de votre domicile, en commençant par votre code postal.

Pour qui pouvez-vous voter ?

Vous avez le droit de voter pour le Connétable de votre paroisse et 4 délégués si vous habitez dans la circonscription de St Clement, si vous avez au moins 16 ans et êtes inscrit sur les listes électorales. À partir de juin 2022, le rôle de sénateur n'existera plus.

Connétables : Chaque paroisse a un Connétable, qui est le chef administratif de la paroisse.

Les délégués : Il y a 37 rôles de délégués, répartis entre les neuf circonscriptions.

Aucun des candidats :

Étant donné que le nombre de candidats qui se sont présentés à l'élection pour le rôle de adjoint/connétable est inférieur/égal au nombre de sièges dans la circonscription, lorsque vous voterez pour ce rôle, vous aurez également la possibilité de voter pour « aucun des candidats » (également appelé « aucun des candidats ci-dessus »).

Cela vous donne l'occasion d'exprimer votre opinion sur les candidats si vous estimez qu'aucun d'entre eux ne partage vos opinions et vos valeurs, comme alternative au simple fait de ne pas voter. Choisir "aucun des candidats" est un vote contre le(s) candidat(s) qui se présente(nt) à ce poste.

Si « aucun des candidats » reçoit le plus de voix lors de cette élection, personne ne sera élu et il y aura une élection partielle à une date ultérieure.

En cas de doute sur la manière d'utiliser cette option, veuillez envoyer un courriel à contact@vote.je.

S'inscrire pour voter

Pour pouvoir voter, il faut être inscrit. Si vous ne l'avez pas encore fait, vous avez jusqu'au mercredi 15 juin à midi pour vous inscrire sur le registre supplémentaire. Cela ne prend que deux minutes sur [Vote.je/register](https://vote.je/register) ou vous pouvez le faire en personne à la mairie de votre paroisse.

Poser des questions aux candidates

Il existe plusieurs possibilités de poser vos questions aux candidats qui se présentent dans votre circonscription :

- Les rencontres en personne : Les rencontres sont l'occasion d'écouter le manifeste de chaque candidat et de lui poser des questions. Les dates et lieux des rencontres seront indiqués sur [Vote.je](https://vote.je). Toutes les rencontres seront filmées et téléchargées sur [Vote.je](https://vote.je) une fois qu'elles auront eu lieu.

- Rencontres de jeunes : Des rencontres spécialement destinées aux jeunes électeurs sont organisées par certains des projets jeunesse. Vous trouverez tous les détails sur [Vote.je](https://vote.je).
- Heure des questions en ligne : Pour la première fois, [Vote.je](https://vote.je) introduit un événement en ligne pour chaque circonscription. Ce sera l'occasion de poser des questions aux candidats sur n'importe quel sujet, soit en écrivant votre question, soit en la posant à l'écran. Les dates et heures de ces événements seront disponibles sur [Vote.je](https://vote.je).

Manifestes des candidats

La commission des privilèges et procédures est tenue de publier les antécédents et les politiques des candidats aux prochaines élections, conformément aux dispositions de la loi de 2014 sur les élections publiques (dépenses et dons) (Jersey). Les informations sont fournies par chacun des candidats eux-mêmes et les opinions exprimées sont celles des candidats et NON de la commission des privilèges et procédures.

MORE - PEOPLE BEFORE POLITICS

Firstly, I must start by saying what an absolute privilege it has been to serve as your Constable since July last year and thank you all for putting your trust in me. I believe I have now served my apprenticeship and offer my services for a further term of four years.

TOP PRIORITY.

Mental Health and Wellbeing.

States Departments and Charities are swamped by the volume of current need across the Island. In the Parish we are on the cusp of setting up a Special Quiet Lounge drop-in service monitored by professionals. this is due to start in September.

To run with this with our Community Police and parish services and I are looking at setting up a mobile talking service, to set up in strategic locations across the Parish.

We have already taken on two allotments ready to go for the benefit of people who either cannot afford the money and or have a special need.

Together with this there are more exercise classes in the Hall and once a week there is one free one specially for the elderly. We are adding more diverse interests in the winter.

PRIORITY

Poverty and Need.

Through our trusts we are paying out more money than ever before on behalf on increasing numbers in desperate need. We also support the Grace Trust and our community services in providing food hampers and food vouchers and fuel vouchers on a weekly basis. The situation will get worse during the winter as inflation bites and food costs and utilities costs rise.

PRIORITY

Green Fields and Overdevelopment.

We successfully defended our precious green fields against the latest Island Plan, but we must be diligent moving forward as there will be a new 10-year plan in future.

We are completely against large scale developments and will diligently defend our precious green fields going forward and are currently working with States depts., to identify who owns any fields and glass houses in the Parish to keep a watchful eye on their intentions.

PRIORITY

Traffic, Speed Limits and Parking.

We have been working for months in collaboration with the Traffic consultants in IHE on a comprehensive

look at all these matters within the Parish and were about to go to Parishioners consultation but have been halted during this election process.

PRIORITY

The Parish Hall and Parish Estates.

The Parish Estate in general does not generate enough money for the size and value under our ownership and I cannot ignore this. The Parish Hall is underused but is also currently not up to various regulation standards. This must be addressed and we can sort this out and come out with a Parish Estate that generates more income and is future proof for years to come.

Many thanks for taking the time to read my manifesto.

Parish Matters First.

Marcus Troy.

Ken Addison

REFORM JERSEY

@ ken.addison1961@gmail.com

☎ 07700 751133

📍 10 Clos de Fromentel, Rue de Pontlietaut, St Clement, JE2 6LH

🌐 www.Reformjersey.je

Let me introduce myself, I am Ken Addison and I am standing as a Reform Jersey candidate for Deputy of St Clement. I moved to the Parish in 1983 with my wife Linda and have lived in the same house in Pontorson Lane ever since. Following my retirement, I have been active in the Parish supporting vulnerable Islanders through the Parish Support Team. I helped found the St. Clement Environment, Infrastructure and Housing Group, which successfully campaigned to protect green fields in the Parish from development. I have assisted Islanders struggling with debt and poverty with budget management via Christians Against Poverty and supported residents of the Little Sisters of the Poor with my therapy-trained dog, "Milo."

I am particularly concerned with the following aspects of Parish and Island life:

Housing: The housing market continues to 'steam ahead' leaving many Jersey residents unable to purchase a property of any kind. Reform Jersey will require private investors to increase the proportion of homes for first time buyers and downsizers over those allocated to buy-to-let investors.

Reform Jersey will release government-owned land to our affordable housing

providers to increase their supply of new homes. We will change planning rules to require all homes built on publicly owned land to be for first time buyers or affordable housing only. We will tax homes which are left empty for too long.

The rental market needs regulation to ensure all properties are fit for purpose with Energy Performance Certificates being introduced. Contracts between Landlord and Tenants should be standardised with no immediate right of entry except in an emergency. A tenant's notice period should reflect their length of tenure. Reform Jersey will establish a Rent Tribunal to ensure rental properties adhere to the new regulations.

Environment: The environment will be higher on our list of priorities and detailed investigations into the provision of solar, thermal, wave and wind power need to be undertaken. Jersey has several resources to become a net exporter of energy.

Population: Reform Jersey believes we need a new population policy based on sustainability, opportunity and inclusivity to enable us to protect our environment, economy and quality of life. We cannot resolve our housing crisis without an effective population policy. We will seek to end the current population policy and move towards one which will stabilise our population level.

Income Tax: Reform Jersey will abolish the "20 means 20" Income Tax calculation and put all taxpayers on the Marginal Relief calculation at a reduced

rate of 25%, with all personal income taxpayers being entitled to all of the allowances/reliefs. This policy will see low-earners protected, middle-earners given a small tax break, and the highest-earners asked to contribute more. The Treasury confirmed they estimate the changes will produce a net gain of £6 million in tax income. Finally, it is unreasonable for a Jersey registered company to pay Corporation Tax when a very similar outlet, albeit a foreign registered company, pays no Corporation Tax.

It was Joseph Kennedy who said When the going gets tough the tough get "going" Well how that was demonstrated during Covid .This was incredibly evident in St Clement where the Community Support Team, Parish Hall Staff and the Honorary Police performed well above the call of duty in helping Parishioners during what were unprecedented times, and it was a privilege to be Deputy with this team alongside me and I thank them.

During my four years tenure in the States, I have served as Assistant Treasury Minister ,Assistant Home Affairs Minister ,as well as serving on the Planning Appeals Committee. It has been as Assistant Treasury Minister though that I feel I have achieved the most. My role meant that I was responsible for the Shareholder companies and in Covid they too very much performed above the call of duty .Just as an example Ports of Jersey introduced one of the most comprehensive testing regimes anywhere enabling the Airport to function,Andium froze rents,JT increased speeds free of charge, Jersey Post operated a medicine delivery service and a call and check on vulnerable Islanders during lockdown. It was wonderful to work with these tremendous companies through the pandemic and Jersey is lucky to have them and the staff that work for them .

I think maybe my most noteworthy achievement was the "Spend Local " card which gave Taxpayers some of their money back to boost the local economy

This was enormously successful and rolled out in an amazingly short time .I was involved in the initial concept and would like to thank the Officers who put the idea into practice so swiftly. One shop owner said to me "It was literally a God send"

So, what of the future and why a Party? This is a pivotal time for Jersey ,do we stay with the solid sensible ways we have employed so successfully in the past

Whilst implementing certain much needed changes in Education ,Health and Housing or do we go down the path of increasing taxes on the wealthier Islanders and successful companies to provide a "Socialist style model" funded by the Taxpayer. This choice was one of the reasons that Deputies Huelin, Guida and me decided to form a Party .We were quite amazed at how many in the Assembly favoured the "Socialist style model" but had not been elected on that basis .

We felt that Islanders deserved at the very least to know what the political preferences of their representatives were .We have achieved that with our manifesto that clearly sets out where we stand and will be delivered to your household soon .

We hope the Island chooses our way but if it chooses Reform's at least people know what they are voting for, please use your Vote wisely on June 22nd it matters.

I am standing as a Jersey Liberal Conservative (JLC) candidate for deputy in St Clement where I was born and grew up. I am the Leader of the JLC. I am standing for election because I believe that the government has forgotten the foundations of Jersey's post-war success – financial prudence combined with a strong social conscience. We are spending too much money, and not devoting enough political energy to protecting the vulnerable in our society.

My career as a lawyer, judge and, more recently, politician, has reinforced my hope to see greater fairness in our community. I was elected as deputy for Grouville at the age of 26, served as a law officer of the Crown for 20 years, and was Bailiff between 1995 and 2009. I was a senator between 2011 and 2018 with responsibility for foreign affairs. I seek to return to politics with a passionate desire to put Jersey on a course which will lead to greater prosperity and happiness for all its people.

The JLC manifesto, prepared jointly with the Progress Party with which we are in coalition, can be found at www.jlc.je. I hope that you might be able to find time to read it. It is not too long! We have tried to set out our policies clearly and succinctly. We have also set out our commitments to you, the

voters, if we are elected and are able to form a government. In brief, our pledges are as follows.

We want to restore confidence in government by reinstating the direct accountability of civil servants to ministers, and by being more careful with our finances. We want to make Jersey's government more open, transparent, and responsive.

We want to manage population growth and create housing solutions by getting more residents on the housing ladder and creating greater awareness of tenancy rights and obligations.

We are passionate about the protection of Jersey's stunningly beautiful environment. The challenges of climate change are urgent but need to be approached sensibly. We want to restore Jersey's precious biodiversity. The undeveloped rural parts of St Clement need special care.

We seek to improve access to primary health care (GPs) by making it more affordable, and to reduce number of managers in the health service by focusing on the importance and value of frontline staff. We want to build a new hospital fit for Jersey in the right place at the right cost.

Education would become a high priority through greater investment and ensuring that all young people, regardless of background, can develop their talents to the full.

We want to reinvigorate the economy by ensuring that all policy decisions support a thriving business community and sustainable economic growth. We are keen to promote innovation and encourage digital businesses.

Please vote for all Jersey Liberal Conservative and Progress Party candidates in whichever districts they are standing.

I was born and went to school in Jersey and after university had a career in trade associations, including being Director General of the Building Societies Association and the Association of British Insurers. Subsequently, I have held Chair and Director positions in England and Jersey with companies, public bodies, and charities, culminating in being the Political Leader of the City of London from 2012 to 2017. I am currently Chair of Link, which runs Britain's cash dispenser network. In Jersey I have been Chair of Andium Homes, the Jersey Development Company and the Jersey Competition and Regulatory Authority and have contributed to work on population policy, housing policy, consumer policy, financial stability, and Jersey Identity. I am a keen student of Jersey history and have written Jersey's Population – a History and Jersey in 1331 and I am working on An Economic History of Jersey.

I have chosen to stand in St Clement as it is the home parish of the Boleat family and the parish that I know best. It is the smallest parish, but it is a dynamic one and although the population has grown rapidly it has a great community spirit. It will be a great honour to represent the Parish in the States Assembly.

Jersey does not have the States Assembly or Government that the people of Jersey deserve. The political system is not conducive to good decision-taking which results in substantial delays and higher costs. Jersey is a wonderful Island but there are serious issues that need to be tackled in respect of housing, education, and health in particular. The Jersey Alliance Party has been established to tackle these problems by providing strong and effective government through a united team of people with experience of business, parishes, charities, and government. Our policies are clearly set out in our manifesto. They address the issues that concern the people of Jersey, while maintaining sound taxation and economic policies.

St Clement is a very special parish, boasting some of the finest scenery in the Island. Improving the quality of education is one of the key objectives of the Jersey Alliance and I will take a particular interest in this area having chaired governing bodies of schools in England. The two primary schools in St Clement are both small and have different characteristics. They must be helped to ensure the highest possible levels of attainment. Le Rocquier is a thriving secondary school and has

scope to expand post-16 provision. The east of the Island is poorly served by sporting facilities. I fully support the plans for the Le Rocquier Sport and Wellbeing Hub and will seek to accelerate implementation of the swimming pool as a first stage. There is also a need to expand healthcare provision as part of the Jersey Care Model.

Why am I standing?

I believe we need a government that can represent islanders' best interests, provide suitable housing, protect the environment, and manage its costs.

Each vote in the States can help determine the best path for Jersey. I believe in respect for others, fairness and living within our means. I would use my votes to support these values.

We must be able to work together which is why I am a member of BetterWay2022.

My background

I grew up in St. Clement which was my home for over twenty years. It is still my family's home and I hope to return to the parish.

I work at Microsoft helping businesses and government bodies use technology to solve problems and will leave this job if elected.

I also started my own "Genuine Jersey" business in St. Clement, La Côte Distillery, a proud local producer.

Economy and Opportunity

I believe that Jersey must live within its means and not build long term costs for the next generation.

Jersey should diversify its economy, be less dependent on a single sector, make things easier for local businesses and so provide a wider range of employment opportunities for islanders.

Housing

The high cost of housing cannot just be solved by more building.

We need to ensure the housing market recognises homes as places to live in, not just investments contributing to spiralling costs.

Our housing should be suitable for our needs with increased minimum standards for size with properties designed to ensure islanders can enjoy a good quality of life.

We must also keep houses that are suitable for families and not just convert these to flats.

St. Clement should not have to take more large housing developments. We must keep our remaining fields and open spaces.

Environment

We must protect our natural environment and reduce the impact of development and transport. Any changes should enhance Jersey's natural and built environment and character.

Jersey should be sustainable in terms of energy, transport and population.

We should encourage active/sustainable transport, make improvements to support different users, and provide easier public transport across the island with improved access for more

environmentally friendly forms of transport.

Health

We should have more affordable, proactive health services for all islanders.

Our care model must also be clearly detailed and feasible to support our ageing population.

Education

Jersey should invest in the future for all islanders, including vocational training, and work closely with businesses to create more opportunities for work experience and reskilling.

For St Clement, I will:

- Represent your views and experiences
- Be approachable and ready to support parishioners
- Engage with our community groups
- Help protect Parish interests

The Jersey I want to see is inclusive of all its islanders. Whilst sometimes we must make hard decisions, we must treat all those who live here with greater equality and respect.

Barbara Ward

INDEPENDENT

@ babsward@yahoo.com

07797 761 560

www.facebook.com/VoteBarbaraWard

I am Barbara Ward MSc, RGN, RMN, CPN cert, mainly known for my work in nursing and voluntary roles - most recently with the excellent Covid vaccination programme at Fort Regent and in schools. I will be running for Deputy of St Clement as an Independent candidate, in this year's elections on Wednesday 22nd June 2022.

I have lived in St Clement since 1989 and will run with the slogan:

Putting People and Health Care first.

I arrived in Jersey in 1979 and spent most of my professional nursing experience in the Island's Health Care System, mainly in Mental Health. I have progressed from student nurse to Matron then Senior Nurse. Following redundancy in 2011 I returned as a Bank Staff Nurse in the Elderly Mental Health Area plus working part-time as the Front of House Duty Manager at the Opera House for 9 years.

I am concerned about the state of health care in the island, in particular the New Hospital Project. I coined the phrase "they are putting the cart before the horse" at the historic meeting in February that refused the Planning Application for the demolition of the present buildings at Overdale - saving Samares Ward.

I am concerned about how the Island appears to be putting buildings before people's health care needs.

My voluntary work is as follows:

1. Member of Variety, The Children's Charity
2. The Employment Forum - 2009 to 2020
3. Employee Representative on PECS Pensions Committee - 1989 to 2020
4. Royal College of Nursing Chair and Lead Steward for 25 years

My views for the future:

- The Health Service needs an independent inspection by the UK Care Quality Commission.

- Following scrutiny of the new hospital plans, it is clear they will not meet the island's needs. My view is to have a two-site hospital, plus a first-class community care service by:

1. Developing Overdale as the non-acute facility, incorporating step-down and Oncology beds, rehabilitation on Samares Ward, out-patients, non-acute treatments and a community staff base etc.
2. Refurbish the existing General Hospital site as the Acute and Emergency facility providing space, extended facilities to improve the patient's experience and working conditions for staff.
3. Invest and build on the work delivered by a first-class community care service.

Other areas of concern:

1. The need for a comprehensive Population Programme.
2. Tax and Financial Management - reverse the double taxation on Social Security pensions.
3. More investment in Arts, Culture and Heritage.
4. Reduce our carbon footprint by investment in wind, water and solar power.

I want to focus life at parish level, partly by raising awareness among the young on Mental Health issues.

I'm a common sense people's person, a good listener, a fighter, and a plain speaker. By standing as an Independent candidate provides me the freedom from any political party so I can work with the parish team and parishioners.

Karen Wilson

INDEPENDENT

@ karenwilson4stclement@hotmail.com

I'm Karen Wilson, your local candidate standing for Deputy in St. Clement. I'm a registered nurse and I have lived and worked in Jersey for four years. I adore this beautiful island with its unique culture and heritage. My partner Max and I are proud to call Jersey our home.

I am standing for election because, like many of you, I am very worried by the way Jersey is being run. Our elected representatives are not in the driving seat. Huge decisions are being made without proper groundwork and oversight. For example, our new hospital is on track to cost more than than a major UK teaching hospital. How can this be?

Anyone can see that our public services and living conditions are crumbling. The so-called 'One Gov' reforms of Charlie Parker have failed spectacularly. Huge amounts of money have been wasted rearranging the deck chairs, but no one has been held to account. Government Ministers are hiding behind their senior civil servants instead of directing them. We are rudderless in dangerous waters.

Jersey deserves something different. It desperately needs Deputies and Ministers who know to lead and who care passionately about the quality of

life on our Island. It needs Ministers who can work together for the common good.

As a nurse with general and mental health experience I care deeply about good public services. My experience on the frontline has prepared me to lead collaboratively and compassionately in difficult times. As a former Director of Nursing I know how to manage large organisations and hold them to account. I have dealt with many politically challenging situations, without losing sight of the fact that it is people who matter.

There are significant challenges ahead and Jersey will recover. 'Something different' means new people with new ideas, different kinds of experience and fresh perspectives. People who can think big and act local.

In summary I will:

- Restore political control to Ministers and improve the accountability of the civil service
- Revitalise healthcare with facilities that are designed around what we need and can afford and bring the current level of spending under control

- Bring forward legislation that sets standards for quality of healthcare
- Tackle inequality in residency rights and create better conditions for people to build their lives in Jersey
- Improve productivity and customer care through investment in digital technology and the skills of islanders
- Invest in our most valuable asset - the people who live here - by improving wages, living conditions, support for small businesses and vital industries like hospitality and agriculture
- Develop a fairer approach to taxation
- Design inclusive and socially responsible policies that improve rights and reduce inequality and show care for our communities and environment

We need capable representatives who can work together to produce a new vision for Jersey. We need leaders who can unleash the efforts and imagination of islanders. I have the energy, passion and track-record to make this happen. Please vote for me on Election Day.
